FALL WINTER 2025

by Véronique De Kock
menza

The new collection, **MENZA** by Véronique De Kock.

With great pride, Véronique De Kock presents her first interior collection: **MENZA**, a refined blend of elegance, character, and contemporary luxury.

Each piece reflects her personal vision of living, a harmony of comfort, class, and timeless beauty. From soft, inviting fabrics to carefully selected materials and sophisticated finishes MENZA radiates atmosphere and personality.

The collection is designed to inspire, to bring spaces to life, and above all, to create a heartfelt sense of home.

Let yourself be seduced by the subtle lines, warm color palettes and unique accents.

MENZA is more than an interior collection – it's an experience.

Welcome to the world of Véronique De Kock.
Welcome to the home of MENZA.
